INTRODUCTION

BLACK STAR HORIZON INVESTMENTS CC is a Namibian based company that specializes in various business sectors in which its core racket is international transport & logistics. While constantly adapting to its customers' changing needs, the company has enriched its expertise to become a tier -one supply supply-chain partner in Namibia, holding one of the largest integrated logistics networks in Southern Africa.

BSH delivers custom-fit solutions with a high value added that draws on an in-depth experience and rationale of different industries, as well as the constant quest to improve and optimize all that is central to the company's culture and values.

General Business Activities

Our company has been established as a logistics company in Windhoek, Namibia, with operations in Otjiwarongo. Our traditional business model is based on the accomplishment of transport networks in the transportation markets in Namibia. Based on the decision of the company to diversify our services; we have plans to establish this corporation in the Democratic Republic of Congo.

In addition to logistics, the company has invested portions of its assets in mining equipment & tool rental, Personal Protective Equipment (PPE), machinery spare parts, constructions, and food processing.

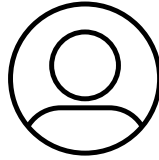

These include the supply of machinery & equipment, sanitation & maintenance and imports & exports of goods. The company undertakes all the security and surveillance for the goods and properties of all customers. We also

Vision, Mission & Objectives

Core values

- We believe in treating our customers with respect and faith.
- We integrate honesty, integrity and business ethics into all aspects of our business functioning.
- We grow through creativity, invention and innovation.

Vision

To be a leader in the logistics industry by providing enhanced services, relationship and profitability.

Mission

To build long term relationships without customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

Quality

Quality is not an option, but a necessity to survive and thrive in an environment of global competition. We aim to provide total customer satisfaction that will lead to customer loyalty. By using **Total Quality Management** techniques, we can locate waste, identify its causes and eliminate it.

A common business concept is known as the "1-10-100 Rule". If it takes one unit of costs or effort to complete a job correctly, it will take 10 times that effort to correct an error before it reaches the customer. And once it has reached the customer, it will take 100 times the cost and effort to correct the situation, not to mention the loss of customer goodwill.

SADC Operations

Black Star Horizon operates throughout the SADC region. We service all port and routes throughout the area. In the future, we plan to register companies in South Africa, Zambia, Zimbabwe and Namibia, thus have first hand knowledge of these countries and are able to support all major SADC routes with our personnel on the ground.

Electronic Commerce (E-commerce)

Electronic commerce will allow BSH to expand its customer base to a global level. The Internet is a powerful tool for marketing and selling goods and services. The growing trend of online shopping and transactions makes e-commerce a profitable strategy for corporate growth in the company.

Strategic Alliances

Developing partnerships through strategic all alliances will help the organization achieve corporate growth. The Company will gain insight by exploring new strategies and innovations in its core industries. As business leaders, we plan on forming alliances that are mutually beneficial to all partners.

Expansion

As part of our ongoing commitment to enhancing our services and meeting the diverse needs of our customers, we are excited to announce the expansion of our fleet. We have recently added a Toyota Passo to our lineup, which will serve as a reliable and efficient taxi option for our clients. Additionally, we have introduced a Toyota Corolla specifically for our Yangoride hailing service, providing a comfortable and convenient ride-hailing experience.

Looking ahead, we are planning to further expand our operations by incorporating a Toyota Hiace minibus into our fleet. This addition will enable us to offer larger group transportation solutions, catering to the needs of families, corporate clients, and tour groups. Our goal is to continuously improve and diversify our offerings to ensure we provide the best possible service to our valued customers.
